Operating revenue for the three-month period under review was 96,816 million yen, down $19.3 \%$ year-on-year. The reasons include a decrease in the import and export transaction volume owing to sluggish transportation demand in the Global Logistics business under the Logistics business. Accordingly, operating income was 5,411 million yen, down $1.1 \%$ year-on-year.

Ordinary income was 6,950 million yen, up $14.2 \%$ year-on-year, mainly due to an improvement in share of profit and loss of entities accounted for using equity method resulting from the partial sale of beneficial interests in trust at Daimyo Project Special Purpose Company, an entity accounted for using the equity method.
Profit attributable to owners of parent was 9,390 million yen, up $139.6 \%$ year-on-year, mainly due to the recording of gain on sale of fixed assets from the sale of Nishijin Palace, etc.

The Company's business performance by segment is as follows.
At the beginning of the first quarter of the current fiscal year, the reorganization of consolidated subsidiaries accompanying an absorption-type merger took place; accordingly, changes were made to the segmentation of the relevant consolidated subsidiaries.

## (Material subsequent events)

The Company received an application for 1,467 million yen loan disbursement based on a loan commitment agreement from NNRMC Airport Operation Co., Ltd. (hereafter, "JV company"), an affiliate of the Company, as of August 7, 2023.

The Company indirectly holds shares of and applies the equity method to Fukuoka International Airport Co., Ltd. (hereafter, "FIAC") through JV company. The Company recognizes the portion of net loss recorded by FIAC attributable to the Company as "share of loss of entities accounted for using equity method" by reducing the amount of investment to the point where the equity method investment value of JV company becomes zero.

Because the said loan receivable under the loan commitment agreement has substantially the same characteristics as investments, when the Company disburses the loan, the Company will recognize an additional amount of the net loss recorded by FIAC to the extent of the loan amount, and the Company plans to record share of loss of entities accounted for using equity method of 1,467 million yen as non-operating expenses in the second quarter of the current fiscal year.

The amount may change depending on the results of operations of JV company and FIAC.
The impact of this transaction has been included in the forecasts for the first half and full year of the fiscal year ending March 31, 2024.
